Mission:

Actively highlighting the effects of climate change worldwide as part of efforts to create a world where everyone can live a full life, free from poverty

What they do:

Christian Aid believes that although everyone is equal we are living in a world where poverty – an outrage against humanity which robs people of their dignity and lets injustice thrive – still persists.

For over 70 years, Christian Aid has stood with the poorest, working in 37 countries, with people of all faiths and none, to stand up for dignity, equality and justice.

Working in Salisbury Christian Aid campaigns on environmental issues as part of its efforts to promote its goals.
