

Mission:

To promote and champion the Swift as a beautiful and dynamic species that enriches our lives.

What they do:

SAWS has the following aims:

- To educate the general public about the life, behaviour and uniqueness of the Swift.
- To improve the availability of nesting sites in the Salisbury and Wilton area thus potentially helping reverse the trend of decline.

In order to achieve these aims, we:

- Give talks and Swift experiences to the public, schools, businesses etc.
- Help to preserve existing nesting sites.
- Encourage the provision of nesting sites in new-builds.
- Give support and advice on the provision of nest boxes on homes, public buildings, churches and businesses.
