

GREEN DIRECTORY GREEN DIRECTORY GREEN DIRECTORY

Mission:

Share Salisbury is a social enterprise which gives the community access to borrow the things they need, without it costing the earth.

What they do:

Sharing instead of buying new promotes a circular economy and gives the community access to things that may have previously been unaffordable, required for a single use only and/or impractical to store at home.

It's like a normal library but instead of being full of books, it is full of useful items like:

carpet cleaners pressure washers gardening tools hobby items,
camping gear DIY tools... and more!

If there is something you want to borrow browse the collection on the Share Salisbury website. Or perhaps you want to donate something you no longer need.
