

GREEN DIRECTORY GREEN DIRECTORY GREEN DIRECTORY

Mission:

Salisbury Recycles for Medic to Medic provides local recycling options for the stuff that would otherwise go in the black bin and landfill – raising money to fund training medics in developing countries.

What they do:

These are some of the things you can collect and take to your nearest Collection Point:

- Crisps, Nut and Snack Wrappers – Shake out crumbs, flatten
- Biscuits and Cake bar wrappers – shake out crumbs, flatten
- Coffee packaging – shake out any remaining coffee
- Plastic Take-Away boxes (clean thoroughly please)

(You can take foil-backed tablet sheets/blister packs – prescription and over counter – to Superdrug, George St Mall)

For details about the Medic to Medic project, what you can recycle and a list of the collection points in the Salisbury Area
